

Handiwash

AUTOMOTIVE HANDWASH UNIT

Hot and cold water at any location is now an affordable reality.

Kinetics Engineering is proud to release what is undoubtedly the most compact, easy to install and technologically advanced mobile handwash unit.

For anyone whose work brings them into contact with hazardous substances, or unhygienic conditions, it should be considered a necessity. Extensively used by Telstra Australia, Handiwash can assist you in meeting occupational health and safety requirements.

FEATURES

1. Large Filler Opening

Allows easy filling

2. Water Level Indicator

3. Indicator Lamp

Illuminates when heater element is operating

4. Quality Taps

Maintenance free

5. High Impact Housing

Moulded from super tough, UV resistant polymers suitable for internal and external applications

6. Fold Down Basin

Drains automatically when folded up

7. Drain Hose

Drain hose fitted to the base of the unit for dispersion of used water.

Heavy Duty Heater Element

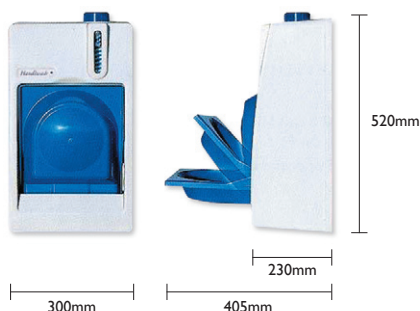

Using highly corrosion resistant materials and state of the art electronics, the water element thermostatically controls water temperature to 60°C. The system is also protected by a thermal overload safety device.

Easy Installation

Unit can easily be mounted to any vertical surface and wired to a 12 or 24 volt power source.

SPECIFICATIONS

Handiwash weight

5.5kg Empty, 14kg Full

Water capacity

8.5 litres

Voltage

Handiwash 12v System
– 9.6 Amps at 12 Volt DC

Handiwash 24v System
– 7 Amps at 24 Volt DC

- Hot and Cold taps
- Unit is thermostatically controlled.
- Unit has a Power lead (Red) & Earth lead (Red/Black Tracer).
- Earth Lead is connected to the vehicles chassis.
- Power lead connected to vehicles power supply via a relay, so unit is only operational when the vehicles ignition is on.
